Washington University & the University of Kansas Medical Center
Visit www.continuinged.ku.edu/kumc/pulmonary_vascular
or call 913-588-4499.

3rd Annual Symposium on Pulmonary Arterial Hypertension and Advanced Lung Disease

October 17, 2009 – Manhasset, N.Y.
North Shore University Hospital
Visit www.northshorelij.edu/cme
or call 516-465-2500.

UNC-Duke Research Triangle Pulmonary Hypertension Symposium

November 6, 2009 – Chapel Hill, N.C.
University of North Carolina at Chapel Hill & Duke University
Call 919-962-7399.

Pulmonary Hypertension Summit 2009

November 19 – 21, 2009 – Cleveland, Ohio
Cleveland Clinic
Visit www.cfcme.org/pulhyper08
or call 216-445-5763.

7th Annual Update in Pulmonary Hypertension

December 4, 2009
Tufts University Medical Center
Cambridge, Mass
Call 617-636-5873.

What did these physicians hope to achieve by hosting a pulmonary hypertension continuing education event?

“Our goals were to foster an increased awareness among medical providers, share patient-based experiences in handling the burden of this illness and offer insights into future treatments. From the feedback we received, I believe we achieved these objectives and the help of the PHA was very much appreciated.”

Edward Catherwood, M.D.

3rd Annual Northern New England PH Symposium
Dartmouth-Hitchcock Medical Center

“Our PH Symposium is aimed primarily at educating and updating providers. We try to be as inclusive as possible by inviting providers from all over New England to serve on the faculty, and inviting nurses, other health care professionals and patients in addition to physicians. We had an excellent turnout in 2008 and very enthusiastic feedback. PHA has been a very important component for the patient attendees. ”

Nicholas Hill, M.D.

6th Annual Update in Pulmonary Hypertension
Tufts Medical Center

Building Medical Education in PH events are designed to foster partnerships between PHA and PH Centers to promote continuing education in the field of pulmonary hypertension through CME educational events.

To partner with PHA in *Building Medical Education in PH* for your upcoming CME event, please contact Emily Koenig, Medical Education Program Associate, at 301-565-3004 X776 or Emily@PHAssociation.org.
